

scheimpflüg DIGITAL

The Scheimpflüg Principle is named after the Austrian army Captain Theodor Scheimpflüg and is a geometric rule that he used to correct focus distortion in aerial photographs... Scheimpflüg Digital Capture and Rental is a full service photography rental house based on this principle of achieving total and perfected focus. With our highly trained staff of digital technicians and the combined knowledge and experience of our in-house staff, we can fully facilitate every type of photo shoot. There isn't a situation in the field or on the monitor that this group can't diagnose, with precision and grace, we'll deliver the payload, at the right time, and to the right place, every time.

EQUIPMENT RENTALS

Every vision is unique and requires the right tools; Scheimpf üg's rental department awaits you in confidence, ready to provide you with all the tools to make your vision a reality. Our extended inventory includes all of today's top systems from the Leaf AFI to the Broncolor Mobile Lights and Versos. Our rental staff is highly knowledgeable and can assist in developing a rental equipment list to suit your specific needs. We continually update our computer hardware while tracking the latest developments in software in order to eliminate any glitches before the equipment arrives on set. Constant maintenance and diagnosis of our equipment keeps everything running smoothly. Add to this our crack team of delivery drivers who know the city and freight entrances better than the doormen, you can remain confident our stringently maintained equipment will arrive on time every time!

DIGITAL TECHS

Scheimpf üg is a victorious production facility thriving on success. We are who we are today because of the people who work here. Our Digital Techs are as unique and smart as our name is.

In this super-competitive industry, experience is essential. The digital world is constantly upgrading, and our staff of young, intelligent Digital Techs put in countless hours of research to stay ahead of the game, and in turn bring all this knowledge to your set. Cambodia or Canada, Atlanta or Austria—our technicians are "passport ready" to work ANYWHERE in the world.

No matter where you are shooting, they will give you the attention and facts you need to make every job run smoothly. Our techs are not only extremely knowledgeable, they are incredibly personable and a joy to work with.

For more information on our capture services please contact Sean Moser or Marti Rhea Seanmoser@scheimpfug.net, and Marti@scheimpfug.net

DEPLOYMENT ABROAD

Scheimpf üg digital technicians are well traveled to say the least. We take time to learn the health hazards, customs and courtesies, as well as any laws particular to the countries we work in. Our team arrives well prepared.

The "Flüg" tech is no stranger to long flights, delayed travel or any extreme conditions met upon arrival. A master of our craft, the number one priority of every one of our digital techs is to anticipate any and all needs of each job. We have the uncanny and experienced knack to see the future and prepare for it. We understand there are rarely any second chances on location abroad.

DIGITAL SERVICES

Scheimpf üg Digital knows that when you have declared, "That's a wrap!" the job is far from complete. That's why our in-house digital team is ready and equipped to bring your work all the way home. Scheimpf üg offers a full range of post-production options, and our dedicated staff handles your every file with the utmost caution and respect. Rest assured that your digital assets are in safe hands and your shoot will be carried out to its fullest potential.

GRIP TRUCK

Scheimpflug offers a premium grip truck named Big Red and it's operated by a seasoned grip technician. The grip tech is a member of the Flügel family and someone you can count on as an assistant to work on any and all projects concerning the job. The basic truck package has been compiled with the years of our staff's experience to provide the essentials for any type of shoot. This standard grip compilation will always be catered to the individual needs of each job. Combine the truck with production supplies, digital equipment and a technician and you've got one GPS guided, fully fueled Big Red Machine.

- 2 100' 12/3 Edison Extension Stinger
- 1 Portable Stereo / Boombox w/ Ipod cable

1200.00 a day

DIGITAL PLATFORM, CARTS, & TENTS

We've all seen and rented that magliner that has been passed around every job like a bad virus. Needless to say, a busted magliner is an eyesore and can make or break a photo shoot. Scheimpf Flüg's magliner is retrofitted to be digitally ready. It's equipped with pneumatic rubber tires for smooth transport and a bottom shelf for optimal work space. After the transformation from equipment hauling hand truck to set cart, it easily fits a tower, large printer and accessories. Also, our carts are strapped with hardware that allows for a quick digital darkroom/tent. With the addition of "Moon Wheels" Flüg's magliner becomes practically amphibious—specially adapted to cruise across beaches and unstable terrain, a must-have on location.

MOBILE STATIONS	Weekly	Daily
Tripod Laptop Mount Kit (hard or soft case with tripod and pan/tilt head)	195.00	65.00
Magliner	255.00	85.00
Digital Kart Master	180.00	60.00
Monitor Rolling Stand Kit (Use with a display for a mobile satellite monitor)	45.00	15.00
Computer Tent (add to a Magliner) 4' x 4'	225.00	75.00
NEW: Digital Pop-up Tent 6' x 6'	165.00	55.00

NEW: THE BEAST

All other carts...WATCH OUT! The M1 Abrams of the photo world is on the move. This tank's a dual monitor-wielding-heavy duty-payload hauling workhorse that will no doubt make short work of your job. Able to transport a tower, large printer, two 23" monitors, all of your accessories and more. Once this freak of nature's on set, plugged in and how'n, you'll know why we dubbed it "The Beast."

THE BEAST	Weekly	Daily
1 Apple Intel Tower Kit	2475.00	825.00
2 21" Eizo Kits		
1 Epson R800 Kit
